- Rena - 120V AC (front left)
- Lalo - 120V AC (front center)
- Raúl - 120V AC (front right)
- Hugo - 120V AC (back right)

ADDITIONAL NOTES

- ATRV2 provides DI boxes for all keyboard outputs.
- Steve needs a mic input to FOH for his wireless system.
- Rena needs a performance amp. If not available, provide a mic for his amp (FOH choice).
- Raúl uses a Boss GX-100 (mono DI to FOH).
- I (Raúl) provide my own vocal mic.
- Standard 5-piece drum kit with cymbals preferred.
- If ATRV2 provides the Markbass stack, 1 XLR line to FOH is required.
- ATRV2 can bring necessary equipment (DI boxes, stands, cables, etc.). Please let us know in advance if you cannot provide any of the listed items.
- Photo of provided kit required in advance if any listed backline or technical requirement cannot be provided.
